

# Credit Score Analyzer

Now you can answer ANY score related question!

You can run this analyzer from ANY Funding Suite credit report - with just ONE click!

Now you'll have all the tools you need to qualify at least 10% more applicants - without doing any additional advertising\*. This handy credit analyzer is *built right in* to Funding Suite, so you can use it whenever you need to raise a score.

Immediately see how the credit score changes when you:

- delete a tradeline, or change its status
- delete a late date, or change its status,
- pay off a collection,
- close one or more credit card accounts,
- increase a credit limit,

Once you've made your changes, press one button and see how they will affect the credit score

change the balance or credit limit by simply typing in a new value

change the status of any tradeline by clicking on this drop-down

delete or modify any late date

close or delete tradelines

create as many scenarios as you wish

you can even work with closed accounts - they appear in gray.

\* Based on a survey of current users. Actual results may be more or less than 10%.
